Apples float in water, because 25% of their volume is made of air.

SOUPER SOUP

Can you work out which vegetable doesn't go into the soup recipe?

Because the tomato has seeds and grows from a flowering plant botanically it is classed as a fruit not a vegetable.

Did you know?

The term 'A baker's dozen' derives from Medieval English bakers giving an extra loaf when selling a dozen in order to avoid being penalized for selling short weight.
