## Aircraft De-icing Portable Water Tanks

Date 23<sup>rd</sup> Nov 2022

ASGrOps\_OAN\_069

Version 2.0

It is the responsibility of all employers to ensure that relevant OANs are brought to the attention of their staff. However, individuals remain responsible for their own actions and those who are in any doubt should consult their Supervisor or Manager.

### 1. Introduction

This Operational Advice Notice gives details of relocated portable water tanks for use during the winter season to support aircraft de-icing

To support the aircraft deicing operation, IWJS have now placed water tanks next to the de-icing tanks on stand 251 and stand 595. These are filled with water for use by the de-icing companies.

Stand 251

Stand 595

In the event these tanks need to be refilled, please contact the OneEng Helpcentre in the first instance to ensure a WO is raised and the tanks get refilled

Appendix A: Step by step operating instructions for each water tank
