## Terminal 5 – Pollutant Waste Bin (POL Bin) Consolidation

11<sup>th</sup> October 2024

ASWorks\_OAN\_329

Version 1.0

It is the responsibility of all employers to ensure that relevant OANs are brought to the attention of their staff. However, individuals remain responsible for their own actions and those who are in any doubt should consult their Supervisor or Manager.

### 1. Introduction

Airside Operations are looking to consolidate the amount of equipment placed in the head of stand areas across the airport to improve safety, efficiency, and housekeeping. As part of this process, it has also been identified that waste management on stands has the potential to be improved in order to ensure the segregation of waste streams.

Following on from a recent roll out in Terminal 2 whereby Pollutant Waste Bins (POL Bins) were placed in three locations for consolidation, Heathrow is now in a position to further consolidate POL bin locations elsewhere on the airport, starting with Terminal 5.

From **21<sup>st</sup> October 2024** there will be five new locations whereby POL bins will be placed throughout the **Terminal 5 campus**. On the following pages, **Drawing A** to **Drawing E** illustrate these new centralised disposal locations (highlighted **RED**). Note at this time, all existing POL bins will be removed from the Head of Stand areas.

Heathrow will be looking to further develop this consolidation through the remainder of 2024 with new locations being set up in other Terminal areas. Any further change and new locations will be communicated in due course.

**Drawing A**

**Terminal 5A – Opposite Stand 501/502**

**Drawing B**

**Terminal 5A – West of Stand 523**

**Drawing C**

**Terminal 5B – Area South of T5B Satellite Building**

**Drawing D**

**Terminal 5C – East of Stand 551**

**Drawing E**

**Terminal 5D – South of EAA Building**

**2. Escalation**

In the event of an emergency please call **222 (internal)** or **0208 759 1212 (external)**.
