

# Operational Advice Notice

## Terminal 2 – Pollutant Waste Bin (POL Bin) Consolidation Trial

26<sup>th</sup> April 2024

ASWorks\_OAN\_264

Version 1.0

It is the responsibility of all employers to ensure that relevant OANs are brought to the attention of their staff. However, individuals remain responsible for their own actions and those who are in any doubt should consult their Supervisor or Manager.

### 1. Introduction

This Operational Advice Notice (OAN) has been written to give notice of a trial which is taking place in **Terminal 2 involving the Pollutant Waste bins (Red POL bins)** which are currently located in the equipment areas of most aircraft parking stands.

Airside Operations are looking to consolidate the amount of equipment placed in the head of stand areas across the airport to improve safety, efficiency, and housekeeping. As part of this process, it has also been identified that waste management on stands has the potential to be improved in order to ensure the segregation of waste streams.

Therefore starting from **Monday, 13<sup>th</sup> May 2024**, all RED POL bins will be removed from the head of stand equipment areas in Terminal 2 and moved to three centralised locations.

On the following two pages, **Drawing A, Drawing B** and **Drawing C** illustrate three new centralised disposal locations (highlighted **RED**) which will be set up for the duration of the trial.

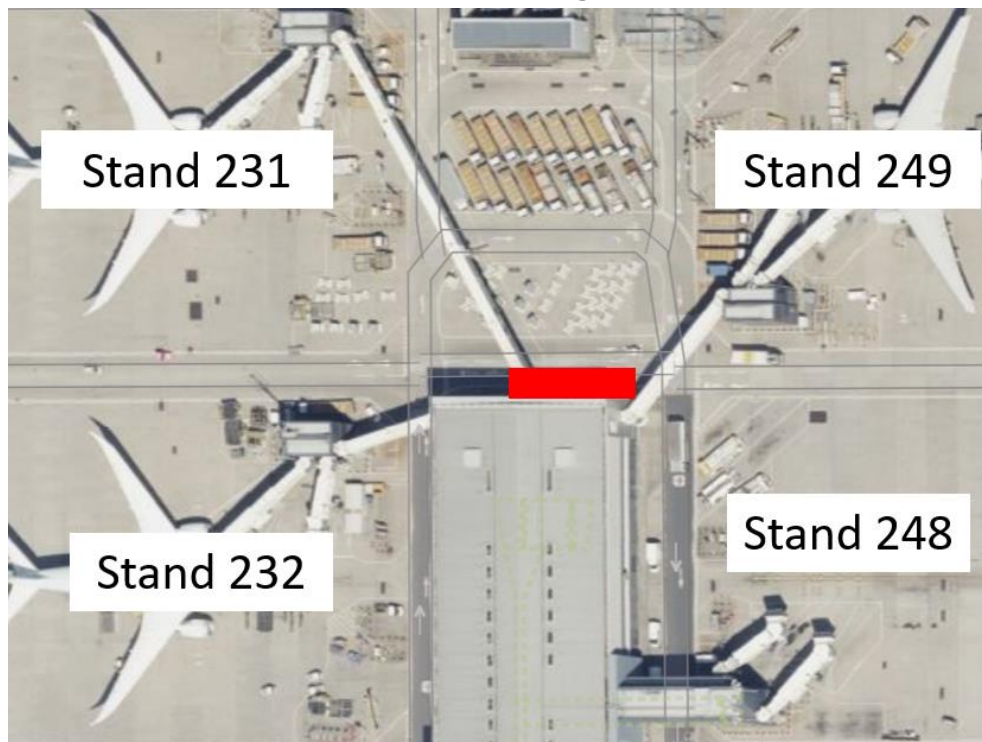

**Drawing A**

**Terminal 2A – Adjacent to Compactor 8**

**Drawing B**

**Terminal 2B – Northern End of terminal building**

**Drawing C**

**Terminal 2C (Remote parking stands) – Area South of Stand 251**

**2. Escalation**

In the event of an emergency please call **222 (internal)** or **0208 759 1212 (external)**.

**3. Enquiries**
