

Operational Advice Notice

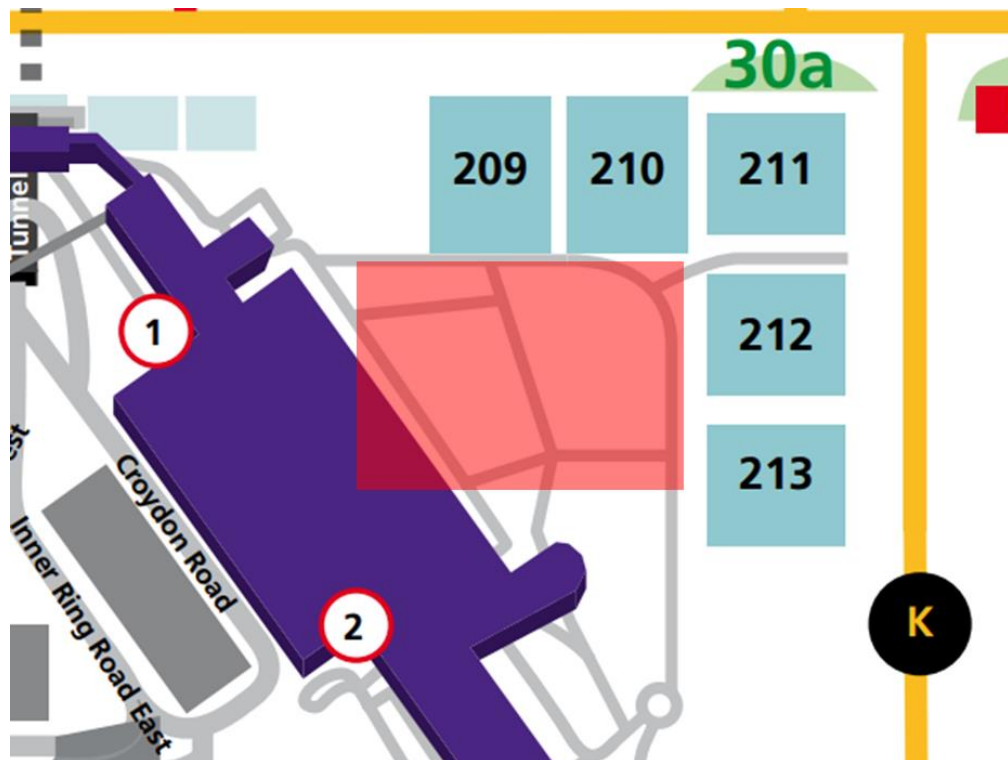

T2 Baggage Recovery Facility – Walking Route Changes

26th April 2024

ASWorks_OAN_265

Version 1.0

It is the responsibility of all employers to ensure that relevant OANs are brought to the attention of their staff. However, individuals remain responsible for their own actions and those who are in any doubt should consult their Supervisor or Manager.

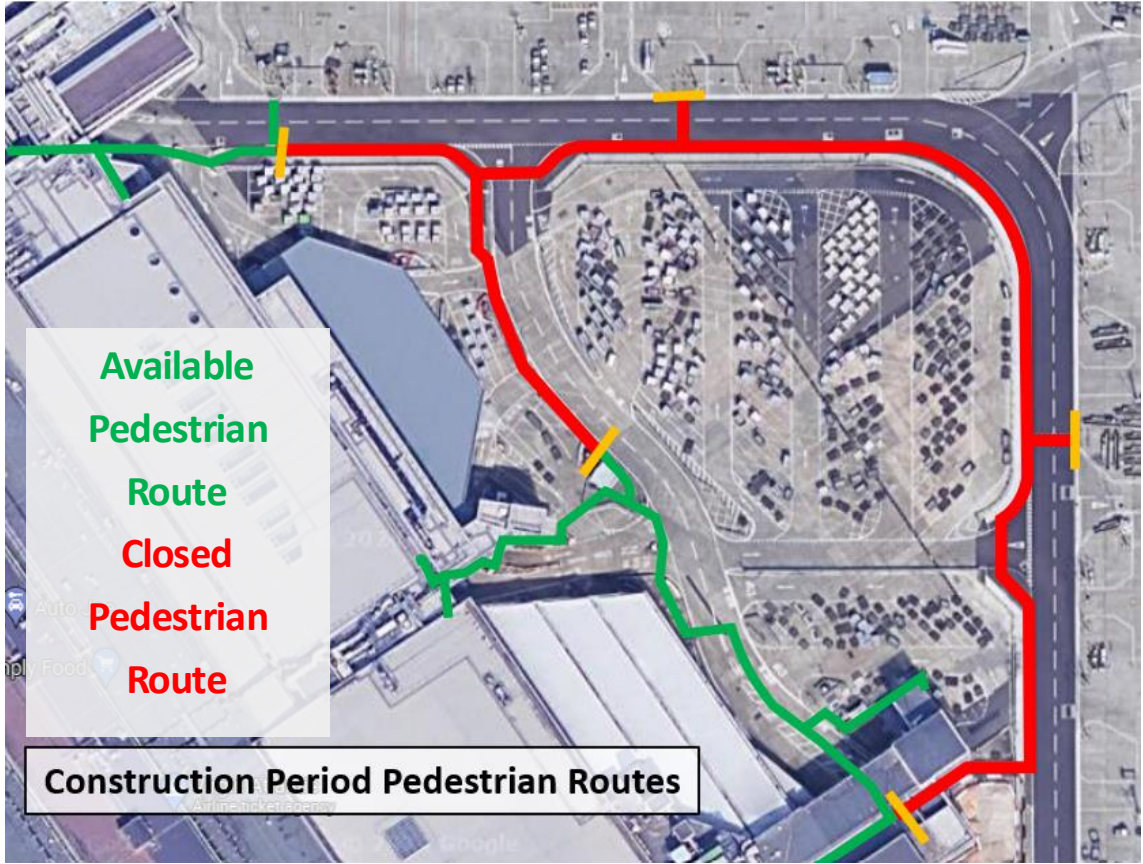

1. Introduction

This Operational Advice Notice has been written to give all airside users notice of changes that are now in place to walking routes around the Terminal 2 Baggage Recovery Facility (formerly Iridium Triangle).

As the area is largely closed off for construction, to safeguard pedestrians there are no walkways through the site. Those requiring access either North or South of the construction area can do so using the walkways in accordance with **Drawing A**, with part of this route leading through the terminal building. Alternatively, staff are encouraged to travel by vehicle through the area. A separate OAN will cover off road layout changes as the project progresses.

Drawing A – Construction Period Walking Routes

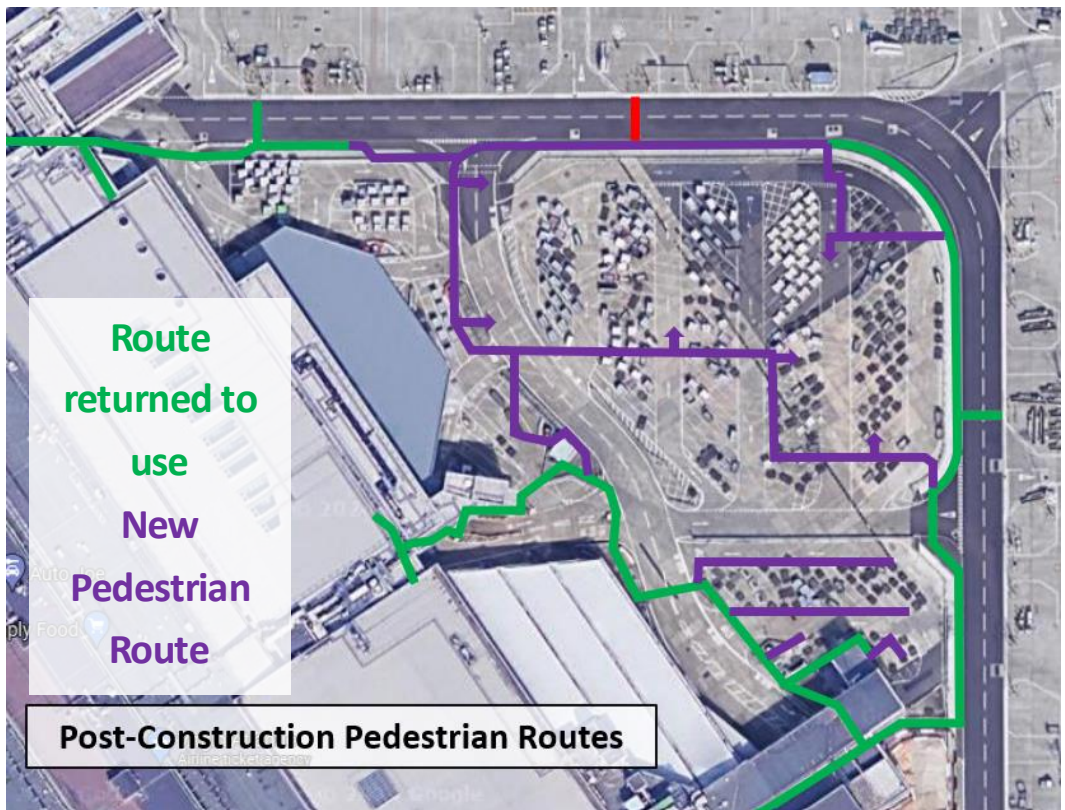

Following completion of construction in late 2024 early 2025, **Drawing B** on the following page shows some of the pre-construction and some brand new walking routes that will become available.

Please note building illustrations have been removed from the image and a further updated OAN will published when there are in use.

Drawing B – Late 2024 / Early 2025 Post Construction Walking Route Availability

2. Emergency

In the event of an emergency, please call **222 (internal)** or **0208 759 1212 (external)**.

3. Enquiries

Any questions regarding this notice should be directed to christopher.galvin@heathrow.com.
