

## Operational Advice Notice

### T2 Logistics Central Compound Welfare Facility (formerly KAD) – Permanent Walking Route & Road Alterations

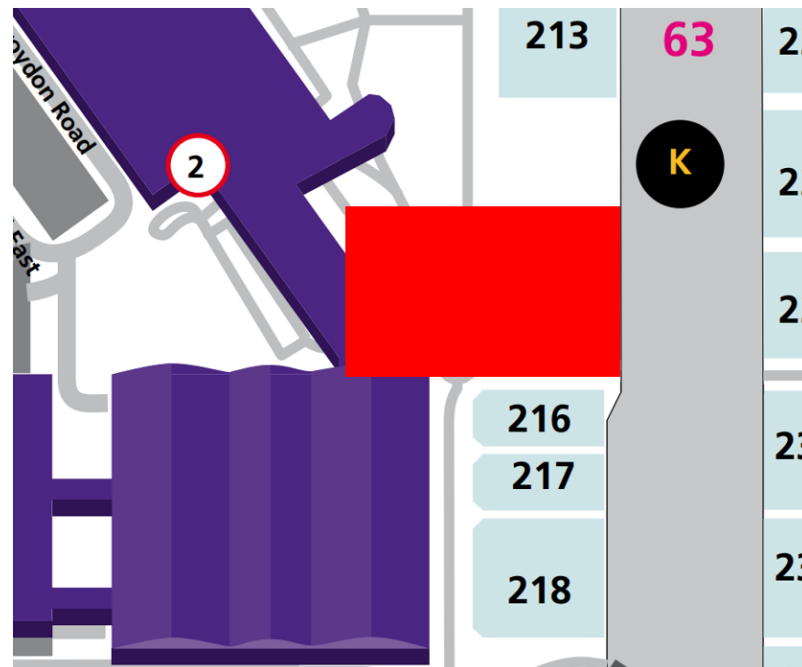

19<sup>th</sup> September 2024

ASWorks\_OAN\_316

Version 2.0

It is the responsibility of all employers to ensure that relevant OANs are brought to the attention of their staff. However, individuals remain responsible for their own actions and those who are in any doubt should consult their Supervisor or Manager.

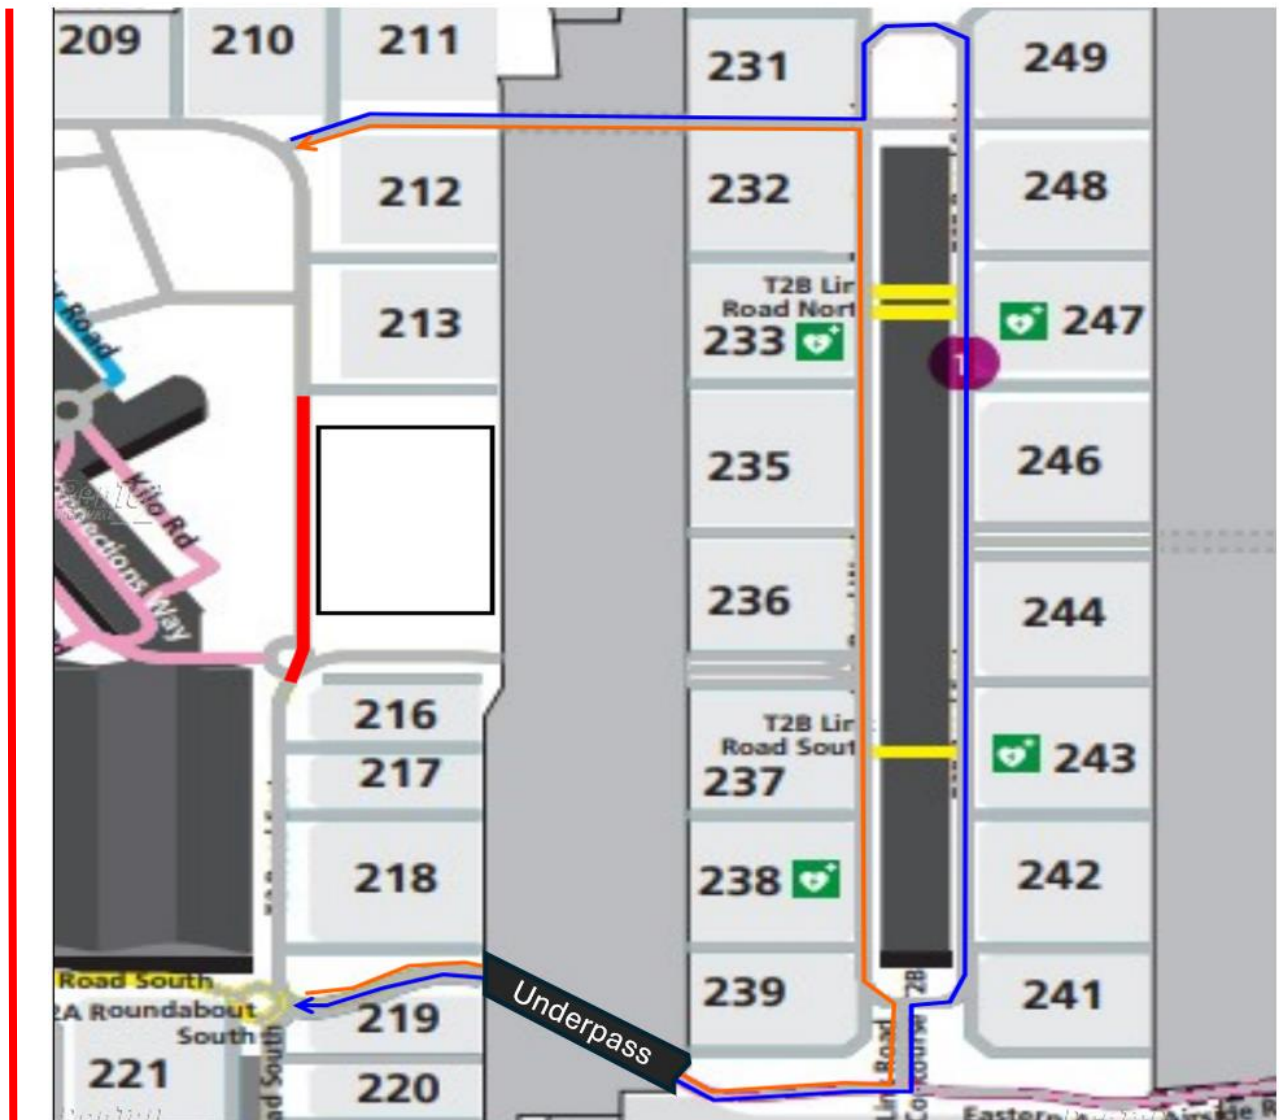

**This is an updated version. Red bars have been added at the side of the document to draw the reader's attention to where changes have been made.**

#### 1. Introduction

- 1.1** This Operational Advice Notice has been written to give all airside users notice of permanent road changes that are being made around the Terminal 2 Logistics Central Compound (formerly KAD). As road users will already be aware there are a number of works taking place over the next few years within the CTA, this road change is necessary to allow for construction of enhanced logistics facilities, as well as the demolition of the Terminal 2 Connector.
- 1.2** **On the night of 26<sup>th</sup> September 2024 (27<sup>th</sup> September 2024 as contingency),** Terminal 2 Road East will be closed in accordance with **Drawing A** on the following page to allow for contractor teams to interface the new roadway with existing infrastructure. A diversion will be set up for road users during these works. **Note that a walking route will not be available overnight on 26<sup>th</sup> September 2024.**

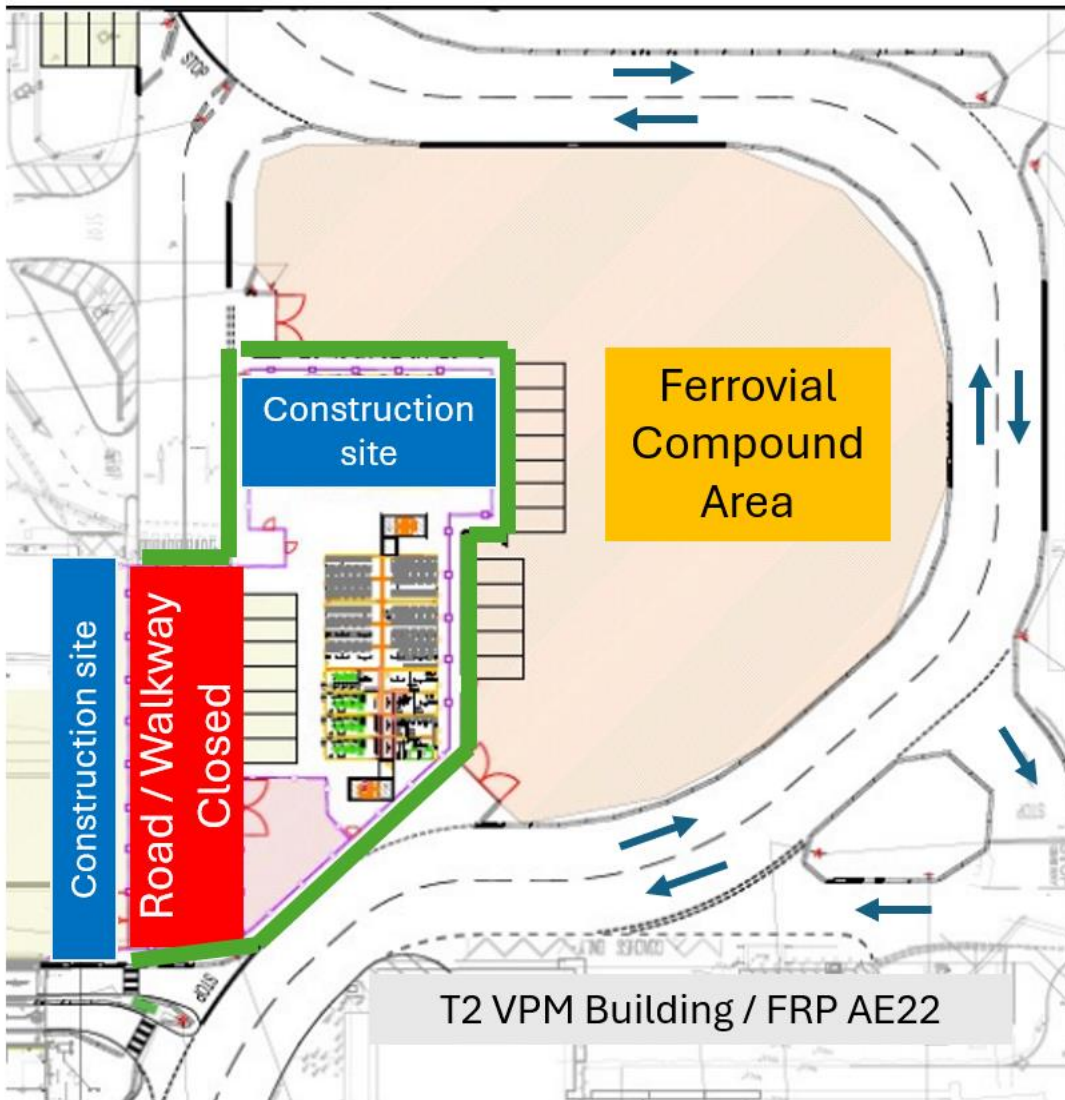

**Drawing A – 26<sup>th</sup> September 2024 Interface Works - Night Diversion Route**

- 1.3 **Alternative routes may mean road users will use an airside uncontrolled taxiway crossing. Users are reminded to familiarise themselves with the rules and restrictions of use of uncontrolled taxiway crossings. Restrictions on these crossings will be lifted during the night of works.**
- 1.4 **On the morning of 27<sup>th</sup> September 2024**, a new road layout and pedestrian route will be available and can be seen in **Drawing B** below. Pedestrians and road users **MUST** follow these new routes if transiting the area to avoid conflict with construction that will be taking place.

**Drawing B – New Road & Pedestrian Walkway layout from 27<sup>th</sup> September 2024 (28<sup>th</sup> September 2024 as contingency)**

**—** New Walking Route

1.5 Furthermore, there is a slight amendment that has been made to KAD North GSE Parking area. **Drawing C** on the following page illustrates this and shows a change to the tug entry point and direction of traffic flow in the first lane. Ground Handlers using this area should take extra care when first accessing the parking lanes in case of unfamiliarity.
