# Track-keeping 27L/R MID

## Issue:

- Heathrow highlighted that BA 747 track-keeping performance on 27L/R MID departures could be improved

# BA 747 MID – expected performance

# BA 747 track-keeping 27L/R MID

## Next Steps:

- Plan to begin operational evaluation of this option to improve track-keeping on 27L/R MID departures
- We will work with Heathrow to review expected improvements in performance
- If successful, taking into account any community feedback; the changes would become permanent
- Will continue to work on other SIDS and will share data with the community in due course
